brilliant designs - better results

Why **it'seeze** websites are the first choice for schools nationwide:

- + All sites are compatible with **School Tube** – the safer way to share videos

- + **Calendars** can be embedded within your site to share key dates and send invitations

- + You can have a **news ticker** to keep people up to date with the latest school news

- + Visitors can **translate** the content into other languages

- + You can easily create any type of **forms** that integrate with **Mailchimp**

- + Parents can **pay** for school trips, photographs and uniforms directly on the site in one simple click

- + **Password protected pages** enable exclusive access to selected content

- + You can **control who can edit** the site

- + **Full training** provided on how to use the **it'seeze** website editor with **ongoing support**
